Diverse Teaching Methods

As part of the Course, students will learn in a variety of ways, including case studies, role-plays, group discussions, mock-interviews, industrial visits, seminars, guest lectures and simulations. As we know that no single approach can effectively address the range of challenges you'll encounter throughout your career, this diverse education is designed to give you the breadth and depth of the skills and experience you'll need for success.

Industrial Exposure

The corporate training is a chance to gain further real business experience, often in a new sector and role-playing confirm your career choices before you apply for the final job. For career progression or to help you change careers an internship training provides industry experience during the programme and adds value to your CV. Trainings are also an opportunity to earn money whilst on the programme. Stipend will vary according to the industry, the organisation, the role and your experience. You will spend several weeks working on a project with our organisation under the direction of their management and a faculty supervisor. Many trainees are offered full-time opportunities after course completion from the same organisation.

Training & Placement

Our Training and Placement cell is responsible for conducting campus interviews by domestic and overseas organizations which is having tie-ups with the institute and ensure that the deserving students are well placed in leading Multi National Companies, reputed Organisations, Fortune 500 Companies, Hotels (in India & Abroad). Besides that students will be absorbed into Air lines, Cruises, G.R.E. in Banks, Hospitals, Event Managers etc., with better pay packages.
